WHAT'S NEW?

Technology survey

We want to hear from you! Please take a few minutes to complete our 10-question survey about technology use in the library. Your feedback will help us plan for future technology offerings at CPL. The survey is available online via our library website as well as in paper format at the library service desks. It will be available from October through December 2016. Thanks in advance for your input!

Join the Friends!

Calling all library supporters! The Cedarburg Friends of the Library (“The Friends”) is looking for new members...maybe that’s you! The Friends support CPL by organizing fundraisers such as book sales and special events to support the needs of the library. Their contributions fund our summer reading programs, extra copies of fiction best-sellers, the 3D printers and supplies, and much more! For more information visit our library website or stop by the CPL Check-Out Desk.

Database of the Month: NewsBank

The next time you can’t get your hands on a hard copy of the Cedarburg News Graphic or Milwaukee Journal Sentinel, take a look at the digital versions available through NewsBank. This database can be found on the research databases webpage of our CPL website. Both current and back issues of articles are available. Bonus features include 27 magazine publications, featured reports, and a hot topics list for students and writers. “U.S. Presidential Campaign- 2016” is an example of one of the featured reports. Take a look!
