

CPL Library Use Policy
Update May 17, 2021

The library is following the latest CDC update to their guidelines, as copied below:

Interim Public Health Recommendations for Fully Vaccinated People

Updated May 13, 2021

Summary of Recent Changes

Updates as of May 13, 2021

- Update that fully vaccinated people no longer need to wear a mask or physically distance in any setting, except where required by federal, state, local, tribal, or territorial laws, rules, and regulations, including local business and workplace guidance

If you are not fully vaccinated, then masks are strongly recommended in the library.

Children 5 through 17 should wear a mask, unless fully vaccinated and may then follow the CDC guideline.

Please ask at any of the service desks for a mask.

Library staff who are fully vaccinated are allowed to choose to not wear a mask. If you prefer the staff member you are working with wears a mask, then ask them to wear a mask and they will comply.

Patience, respect, and understanding is encouraged during these times.

Enjoy your library visit.
